with My favorne pair about eventing compositions was that the tests, coursely and ofteness all changed from event to event and presented new challenges each time I note. I donk that most riders love the variety as well along with the opportunity events give us to work on many different skills and values at the same time. The elisance of all day to the world of eventing.

sierre's QOcs

G: Markers - what kind?

0: floating numbers c: informative around marker

0: none

1: C: Simple/not cluttered

1: easy to no
